Talk It Over

G. W. Atkinson, LOUISA, KY.

YATESVILLE.

Owing to the very changeable weather we are having much sickness both in this and adjoining communities. There is scarcely a family but what has a patient or so, and in some instances we have heard of whole families being prostrated. During the past week two old ladies of the Twin Branch and Morgans creek section died. They were both very old women. One was the mother of Mr. John Fanning and the other was the mother of John A. and William Berry, all of whom are numbered among our best citizens and who have the deepest sympathies of our entire community. Also from the mouth of the Twin Branch comes the news of the serious illness of John Chaffin and his wife and daughter.

The reports are that they are all prostrated with pneumonia, but the very latest reports say that the wife and daughter are improving, while Mr. Chaffin is still on the decline.

Owing to a break in the oil machinery being operated here on the land of Heister Carter one day the past week the drilling in of the well has had a slight set-back, but the break has been mended and the drilling is going on and the drillers have programmed to complete the well by the middle of the present week.

Our public school is nearing its close and our teacher, Mr. Cordie will make his valedictory address to the children and all the citizens that may be present next Friday. Amos has taught us a school with which all of the pupils and patrons of the district appear to be well pleased.

K. R. Bolt, who is a driller for the Big Blaine Oil Co., has about completed the removal of his machinery from the land of Wm. Savage to the land of John Yates at a location made by the company for the next well and the

drilling will begin just as soon as the machinery can be set in shape.

Dr. Rice of Fallsburg was up Sunday to see Mrs. Louisa Hall, an aged widow who had a very severe attack of la grippe but is convalescing at this writing.

G. J. Carter has been transacting business in Louisa for a day or two.

MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

IF CROSS, FEVERISH, SICK, BILIOUS, CLEAN LITTLE LIVER AND BOWELS.

A laxative to-day saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, Mother—If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation, poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

A BEGINNER.

OBITUARY.

On Friday, Jan. 21, 1916, the reaper whose name is death passed through the home of Mr. and Mrs. Dora Moore, of Mattie and bereaved them of their darling mother, Mrs. Louanna Moore. She was 76 years, 6 months and 11 days old, and was a mother of 12 children, 8 boys and 4 girls, 6 boys and 4 girls survive her. She was buried in the Moore graveyard. The burial was largely attended. Funeral service was conducted by the Rev. William Copley. She was converted early in life and lived a devoted christian until death. She will be greatly missed in our homes and neighborhood. She had a gripe several days and ten days before death she had a stroke of paralysis. She was waited upon by three good doctors and all was done for her that loving hands could do during her sickness, but God saw fit to call her home. She was the widow of Rev. David M. Moore, who passed to his reward 32 years ago.

Weep not, loved ones, for mother, but prepare to meet her in that blessed home above where there is no more dying, where all is peace and love.

A GRAND DAUGHTER.

IN MEMORY.

Blessed are the dead which dies in the Lord. On Sunday, Jan. 16, 1916 the spirit of Miss Lula Estep took its flight to the God who gave it. She was the daughter of Mr. and Mrs. Alonso Estep. All was done by kind and willing hands that could be done but all in vain. The Lord's will be done, not ours. Lula was a good christian girl, professed Christ about a year ago, and during her sickness often said if it was the Lord's will to take her she was ready to go. Lula was a kind girl. Her kind ways won the love of others. While death is abroad in our land pre-

pare to meet your dear daughter while you have life and opportunity. In the death of Lula the home has lost a precious jewel. A chair is vacant in your home that never can be filled, but thanks be to God we know where to find her if we are faithful as Lula was.

Funeral services were conducted by Rev. G. V. Pack at the Merry Chapel church in the presence of a large number of friends after which her body was taken to Mattie and there laid to rest in the Estep burial ground to await the coming of Christ. The family has the sympathy of all.

Kidney Medicine Dissolves Gravel Stones

Dr. Kilmer's Swamp-Root sells well with us because it invariably produces good results in Kidney, Liver and Bladder troubles. We sold a dollar bottle to one of the inmates of our Soldiers' Home near here, and after using it he brought in about one dozen gravel stones some as large as a pea, which he had passed. He states that he obtained wonderful relief from the use of Swamp-Root.

Personally appeared before me this 28th of July, 1909, Ernest A. Brown, of the Brown Drug Co., who subscribed the above statement and made oath that the same is true in substance and in fact.
